shubhambelge@gmail.com · linkedin.com/in/shubham-belge/

Skilled Frontend Developer with 6+ years of experience in designing responsive, accessible, and scalable web applications using Vue.js, Angular, and modern frameworks. Proficient in performance optimization, implementing modular code, and delivering exceptional user experiences across web and hybrid mobile applications. Strong background in Agile methodologies, cross-functional collaboration, and leading development efforts.

PROFESSIONAL EXPERIENCE

LTIMindtree Ltd, Navi Mumbai, MH

December 2022 – Present

Senior Consultant (R&D and Product development team)

- Migrated Angular projects to Vue.js, improving performance and scalability for LTIMindtree automation products.
- Led production workflow tracking, and module integration, and maintained GA instances to ensure smooth application performance.
- Integrated advanced data visualization tools like Chart.js, D3, Apache ECharts, AG-Grid, and jsPDF into enterprise applications.

Logicserve Digital Pvt. Ltd., Navi Mumbai, MH

February 2021 - November 2022

Senior Frontend Developer

- Achieved 90%-100% page speed optimizations through advanced front-end techniques.
- Played a key role in Agile teams, delivering solutions through the entire development lifecycle.
- Developed modular, scalable, and maintainable code, improving collaboration and reducing technical debt.
- Led the design and launch of one hybrid mobile app, 20 websites, and an Angular-based web application.
- Transformed UI mockups into fully responsive designs using HTML, CSS, JavaScript, and frameworks like Vue, Angular, and Bootstrap.

Hugeor Technologies Pvt. Ltd., Nagpur, MH

August 2018 - February 2021

Frontend Developer

- Developed user-side business logic with JavaScript and managed Android app link integration.
- Guided teammates in managing scalable code and effective project workflows.
- Integrated GraphQL for efficient data handling between server-side operations and Vue.js-based UI.
- Created dynamic user interfaces using Framework7, Bootstrap, and managed data via Vuex.
- Specialized in user validation form creation and seamless data transmission via GraphQL.

EDUCATION

Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur, MH

APRIL 2018

Bachelor of Computer Technology

- Networking Certificate, Unisoft Technologies.
